

Meeting Room Use Policies

February 22, 2024

I. Purpose

The primary function of Library spaces is for Library activities, including programs presented by Library Staff, Friends of the Library and other organizations affiliated with the Library. The public may utilize meeting room spaces when they are not required for Library programming, with such usage being on a first come, first served basis.

No person may be excluded from this aspect of Library service because of race, color, nationality, age, sex, disabilities or social, religious or political views.

The fact that an organization is permitted to meet at the Library does not constitute an endorsement of the organization's beliefs by the Collier County Public Library, its administration, staff, advisory board or the Collier County Board of County Commissioners.

II. Limitations

The Library Director, or designee, may waive enforcement or application of any aspect of these regulations or procedures with respect to any Library space, provided such waiver does not interfere with public safety or enjoyment.

Consistent with Collier County's policy of ensuring all citizens equal opportunity to participate in programs, any resident requesting special consideration must provide to the Library Director proof of need for the requested special consideration. No information provided is confidential but will be used by staff only for the purpose of establishing reduced or waived room fees. Rates and charges may be modified on a case-by-case basis if approved in writing by the Library Director or designee.

The Library reserves the right to deny use of the Library and meeting rooms to any group should the use conflict with Library service. Persons attending programs are subject to all Library rules and regulations. The Director or designee has the authority to summarily revoke any permission to use the meeting room or other parts of the Library because of violation of rules or ordinances, county need or other valid reason. A minimum of forty-eight (48) hours notice to applicant shall be given if the County requires use of Library space.
